To Whom It May Concern,

As Mayor of the Town of Dauphin Island, I write in support of Comcast Cable as it seeks grant funding for a Broadband Accessibility Project through the ADECA.to provide enhanced services to our barrier island community. For years, the Dauphin Island community has struggled with the lack of dependable broadband service which has challenged local business owners, government agencies, tourists and even home schoolers. With the recent installation of dark fiber on the Dauphin Island Bridge, we now look forward to the availability of service options that will allow our community to step into the 21st century.

Thank you for assisting Comcast Cable while supporting the broader Dauphin Island community. Your favorable consideration is greatly appreciated.

Respectfully submitted,

Jeff Collier
Mayor
