HUD EXCHANGE

CPD Income Eligibility Calculator and Income Limits

Welcome to CPD's Income Eligibility Calculator, an interactive tool that makes determining the income eligibility and assistance amounts for beneficiaries of CPD programs as easy as 1-2-3. Simply enter the requested data and this calculator will work behind the scenes to generate a summary of results for each beneficiary. You should then print out the summary and include it as part of the beneficiary's file.

The calculator currently performs income eligibility and assistance amount calculations for the following HUD CPD programs:

Brownfield Economic Development Initiative (BEDI)

Community Development Block Grant Program (CDBG)

CDBG Disaster Recovery Assistance

Emergency Solutions Grants (ESG)

HOME Investment Partnerships Program (HOME)

Housing Opportunities for Persons With AIDS (HOPWA)

Housing Trust Fund (HTF)

Neighborhood Stabilization Program (NSP)

Section 108 Loan Guarantee Program

Self-Help Homeownership Opportunity (SHOP)

Privacy Statement: For your privacy, please do not include social security numbers or dates of birth. By creating a HUD Exchange account, you acknowledge you agree to the website policies.

PLEASE ALLOW AT LEAST 15 MINUTES TO COMPLETE EACH APPLICANT'S CALCULATION SUMMARY. To help ensure the privacy of applicants, the calculator requests that you input a Beneficiary ID and Member IDs instead of the last and first names of family or household members. The calculator will allow you to save and/or edit the calculations you have completed for beneficiaries.

Before getting started, it is best to know the mix of programs that may be funding an activity, identify which CPD program has the most restrictive income determination requirements, and follow that program's path within the Income Eligibility Calculator. In addition, you should have the following items available:

- A printer (or, a writing instrument and a piece of blank paper);
- Any previous income determinations completed for the beneficiary; and
- Documentation of income for all members of the beneficiary's family or household.

Disclaimer: HUD makes no warranties or representations whatsoever regarding the quality, content, completeness, accuracy, or timeliness of the information and data contained in the CPD Income Eligibility Calculator. Please read through the terms and conditions of use.

FY 2020 Income Limits

As of July 1, 2020, HUD updated the Income Eligibility Calculator to incorporate the FY 2020 Income Limits for all programs. All calculations that were in a user's dashboard on July 1, 2020, as well as calculations completed going forward, will use the FY 2020 Income Limits for the purposes of determining eligibility.

The FY 2020 Income Limits are effective July 1, 2020 for all programs except ESG, for which FY 2020 Income Limits became effective on April 1, 2020.

Percent Low and Moderate Income

for Alabama Cities and Counties

The attached Income Data will remain in place until such time HUD has revised the HUD Adjusted Income Data

PY2022 CDBG Grant Application Manual
HUD Low-Income and Moderate-Income
Summary Data 2011-2015
for Alabama Cities and Counties

The State of Alabama's current Low and Moderate Income Summary Data (LMISD) stated in the charts below was released by the U. S. Department of Housing and Urban Development (HUD) on February 15, 2019 per HUD's Community Planning and Development Notice CPD-19-02 entitled "**New Low/Moderate Income Summary 2011-2015 Data Released for CDBG, NSP, and CDBG-DR Grantees**" posted at **https://www.hudexchange.info/programs/acs-low-mod-summary-data/acs-low-mod-summary-data-local-government/**. The data went into effect on April 1, 2019 and will remain in place until such time when HUD revises/updates the CDBG Program's Income Data information.

REFERENCE:

Group	County #	Geographic Name	Low-Moderate	Low-Moderate Universe	Low-Moderate Percentage
Counties	001	Autauga County	18,695	54,750	34.15%

Low-Moderate = The total number of eligible low and moderate-income residents in a block group.

Low-Moderate Universe = The low and moderate-income universe is the Census Bureau's definition of persons who are "low and moderate income eligible" in a block group, which removes persons who are in "group housing" such as college students, jail inmates, and nursing home residents. The low and moderate income universe (lowmoduniv) is calculated as follows: If the block group's total population is 2,200 residents, but 1,500 of those residents live in a nursing home in that block group, then the eligible population will equal 700, because 2,200 (the total population) minus 1,500 (the persons in the nursing home) = 700 residents who are eligible to be counted as low and moderate income residents in that block group. Thus, these 700 residents comprise the low and moderate-income universe (lowmoduniv) for that block group.

Low-Moderate Percentage = The percentage of "low and moderate income eligible" residents in a block group. This is calculated as follows: The "lowmod" amount is divided by the "lowmoduniv" amount to equal the "lowmodpct." For example, in Autauga County, the "lowmod" amount is 18,695 and the "lowmoduniv" amount is 54,750, so the "lowmod" amount (18,695) divided by the "lowmoduniv" amount (54,750) equals the "lowmodpct" amount (.34146 or 34.15%). Thus, the "lowmodpct" for Autauga County equals 34.15%.

Counties in Alabama:

Geographic Name	Low-Moderate	Low-Moderate Universe	Low-Moderate Percentage
Autauga County	18,695	54,750	34.15%
