**To:** Thomas, Ken  
**Subject:** Laser instruction.

Ken,

As a private business owner and supporter of Alabama State Parks, it is my intent to provide designated State Park employees with a donation of training in proper use of laser engraving equipment and design techniques.

This training would normally be \$30.00 dollars an hours for no less than 30 hours (a \$900.00 value). This should prepare them enough to understand and operate said equipment in an efficient manner.

Sincerely,

Don Maurizio, Jr.
