**Letter of recommendation**

**For: Cynthia Mizell**

**From: Principal**

**Mrs. Cynthia Mizell has taught at Burns with me for the past 12 years. Her management skills are excellent. She is my school LEA for the special education department where she is responsible for 110 student records and IEP's. She is a leader in her field of education and management of her department.**

**Mrs. Mizell has acted as an adjunct professor at The University of South Alabama teaching education classes to undergraduate and graduate students. Her skill level is high as well as her caring for children. I am confident her and her husband would be good stewards of a children's special needs camp. The Mizell's heart and soul would be at the center of a well-run facility for our community of disabled kids.**

**Sincerely,**

**John D. Adams**
