INVESTMENT IN ACTION

A collaborative effort by **West Alabama Works** with **Community Works Tuscaloosa**, fifteen businesses, Shelton State Community College, and Beville State Community College offered pre-apprenticeship training to prepare individuals to enter registered apprenticeship programs. The programs offer soft-skills development, basic reading and math skills, and industry-specific classroom training. As part of the project, West Alabama Works brought a mobile training center to community outreach events in small rural churches, grocery store parking lots, and town squares to **enroll over 170 people** in the Hale County Automotive Logistics Partnership. The program includes a rigorous combination of Ready to Work training and adult education to develop a skilled workforce for Alabama's automotive sector. Additional ARC support will help West Alabama Works expand its community outreach and job training programs to **prepare over 1,000 workers and 500 students for jobs in the state's automotive industry**.
