ENVIRONMENTAL DETERMINATION DOCUMENTATION

Explosive and Flammable Facilities

HUD Guidance:

Does this project include any of the following activities: development, construction, rehabilitation that will increase residential densities, or conversion?

No. The scope of the project is to replace a 3" PVC water main with a 6" PVC water main, install fire hydrants, repair sidewalks, and patch roadway in an existing residential neighborhood.

Does the proposed HUD-assisted project include a hazardous facility (a facility that mainly stores, handles or processes flammable or combustible chemicals such as bulk fuel storage facilities and refineries)?

No. The scope of the project is to replace a 3" PVC water main with a 6" PVC water main, install fire hydrants, repair sidewalks, and patch roadway in an existing residential neighborhood.

Farmlands Protection

HUD Guidance:

Does your project include any activities, including new construction, acquisition of undeveloped land, or conversion that could potentially convert one land use to another?

No. The scope of the project is to replace a 3" PVC water main with a 6" PVC water main, install fire hydrants, repair sidewalks, and patch roadway in an existing residential neighborhood.

Noise Abatement & Control

HUD Guidance:

Does your project involve any noise sensitive uses (i.e. senior/community center, residential structure)?

No. The scope of the project is to replace a 3" PVC water main with a 6" PVC water main, install fire hydrants, repair sidewalks, and patch roadway in an existing residential neighborhood.

Airport Hazards

HUD Guidance:

Does your project involve any of the following: new construction; substantial rehabilitation; acquisition of undeveloped land; activities that would significantly prolong the physical or economic life of existing facilities or change the use of the facility to a use that is not consistent with the recommendations of the Department of Defense (DOD)'s Land Use Compatibility Guidelines; activities that would significantly increase the density or number of people at the site; or activities that would introduce explosive, flammable, or toxic materials to the area?

No. The scope of the project is to replace a 3" PVC water main with a 6" PVC water main, install fire hydrants, repair sidewalks, and patch roadway in an existing residential neighborhood.
