Please accept this as our letter of intent to apply for CPF Phase 2 applications due next month. Maverix Broadband is a fast growing ISP offering 10 gigabit symmetrical service to rural areas. Attached is a KMZ and SHP file for the unserved area of Dale where we see immense value in growing infrastructure. Our team is now preparing a high level design for submission next month. Please do not hesitate to reach out with any questions or concerns. Thank you for your time and consideration
