Subject: Fiber in Bremen and Cold Springs

To Whom it may concern:

I am a 14-year landowner at 210 County Road 137 in Bremen, Alabama. We have gone through dial up modems, Hugh's Net satellite, and then CyberBroadband and supplemented with an AT&T wireless modem. We are in the market for fiber. We came from Manassas, Virginia which had cable TV and Internet. The Internet was about 60 MBS. We really miss the speed. I have nine family members in the house. They all have devices. We have 8 cell phones, 3 tablets, 1 smart watch, 1 wireless hot spot, and 3 4K Smart TVs. My AT&T phone is usually \$546.02 a month. Please help bring fiber to Bremen.
