Subject: Needed internet

To Whom It May Concern:

I am contacting you regarding the need for good, reliable internet. We reside at 3585 hwy 69 south, Cullman 35057 - on a state highway three miles from I-65. We currently must pay for two (2) separate internet providers in order for our usage needs to be met. I work from home, a daughter does schoolwork online, we utilize internet for television viewing, & also we enjoy being able to use our tablets from time to time. With our current providers, the only ones available in our area, we can only use one (1) device per internet source, & we must stagger our usage times, otherwise there are slow-downs or stalls. As we try to maintain a strict budget, it would be cost efficient & economical to only have to pay for one (1) provider for our needs.

Please contact me if you need additional information from us.

Thank you for your attention to this matter!

Patti Stricklin
