Maureen Neighbors
Chief, Digital Expansion Division
Alabama Department of Economic and Community Affairs (ADECA)
Via email: broadband.fund@adeca.alabama.gov

Dear Ms. Neighbors,

JMF Solutions, Inc. (JMF) intends to apply for funding from the Alabama Broadband Accessibility Fund grant program. Attached to this letter of intent, as Attachment A, is a .kml file that represents our proposed funded service area, Troy, AL.

We recognize that Troy already has broadband services in place, and we intend to capitalize on infrastructure already provided by JMF in the area and create a decentralized mesh network thus allowing the Troy Hospital network to serve as the local backbone with significant resilience. We also have potential to build a telehealth resource off of this decentralized network. This open, and easily accessible platform will provide coverage to surrounding communities at an economical rate.

For additional questions or inquiries about this letter of intent and our proposed service areas, please contact Candice Oliver, Director of Business Development via email coliver@jmf solutions.net or by phone 314-249-6209.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lisa Arnold', written over a horizontal line.

Lisa Arnold
Chief Administrative Officer
