Name and Title of Contact:	Brenda Overton, CFO
Phone Number and Email of Contact:	205-921-6741 boverton@tombigbee.org

### **Will this project serve the highest number of unserved homes, businesses, and community anchor points for the least cost?**

The board of Tombigbee understands everyone, regardless of where they choose to live, deserves to have the same quality of life. Because of this vision, they chose to build out the freedomFIBER network. This network will pass every home, business and community anchor institution with fiber-optic cable giving everyone, even the most rural and unserved residents, the ability to have between 100 Mbps and 10 Gbps symmetrical speeds. Not only will it be the best speeds available, the service is tier 1 with little to no latency and no limits on usage. It also has the lowest cost in the area.

#### ***Residential Services***

<b><u>Service Type</u></b>	<b><u>Cost/month</u></b>
Residential – 100 Mbps	\$49.95
Residential – 1 Gbps	\$79.95
Residential VoIP	\$29.95*

#### ***Commercial Services***

<b><u>Service Type</u></b>	<b><u>Cost/month</u></b>
Business Lite – 100 Mbps	\$49.95
Business Pro – 200 Mbps	\$199.95
Business Enterprise – 1 Gbps	\$499.95
10 G Business	\$1,995
Business Voice	\$34.95*

*\*This is a per line charge and does not include any taxes and fees associated.*

freedomFIBER is opening the door to unserved school age children - with one on one support for completing school assignments. It is granting the opportunity for people living in these most unserved areas the possibility of finding work online. It is giving those who are sick and need monitored healthcare the access to e-medicine. The board of Tombigbee recognizes their community is dying and it is their goal to provide one of the most needed instruments to make this happen: affordable, reliable high speed internet and voice services.
