To whom it may concern,

Masonite of Haleyville Alabama is a manufacturing operation that services the South Eastern United States. To be competitive in this day and age we rely on Continuous Improvement to maintain our competitive edge.

We at Masonite Haleyville support Tombigbee Electric Cooperative's fiber initiative. We are looking forward to the competitive advantage that this region will see in regards to economic and community development. In the world of industrial business fiber is no longer just a desire but a necessity in order to be successful.

In conclusion, we fully support the Tombigbee Electric Cooperative's broadband initiative and are looking forward to the contributions it will provide us and the community.

Sincerely,
