<input checked="" type="checkbox"/>	Energy need
<input type="checkbox"/>	Other - Describe:

Income eligibility is determined based on the household's gross income for the month prior to the month of application. Our benefits matrix is included in this State Plan as **Attachment A – PY2023 LIHEAP Payment Assistance Chart**. For example, if a household applies for assistance any time in August, they must provide verification of the gross monthly income each household member received in July.

To calculate the income levels on the FY2023 Payment Assistance Chart, we used the HHS Poverty guidelines mandatory for FFY2022 from the following website: <https://aspe.hhs.gov/poverty-guidelines>

For a 1-person household, the maximum annual income based on 100% of HHS Poverty Guidelines is \$13,590. To calculate the maximum income for a 1- person household at 150% poverty, we multiplied \$13,590 by 1.5 = \$20,385. To determine the maximum monthly amount as shown on our benefits matrix, we divided \$20,385 by 12 = \$1,699.

Our benefits matrix contains three income categories for each household size. The following is an example of how we calculated the income categories: For a 1-person household, we divided \$1,699 by 3 = \$566. The lowest income category (which receives the highest benefit) has a range of \$0 - \$566. The formula to calculate the next highest income category for a 1-person household (which receives a slightly lower benefit) is $\$567 + \$566 =$

\$1,133. Therefore, the range for that income category is \$567 - \$1,133.

The highest income category for a 1-person household starts at \$1,134. We added \$566 to that amount for a maximum monthly income of \$1,700. Therefore, the range is \$1,134 - \$1,699.

We used the same method to complete the benefit matrix for households with two to eight people. To determine the maximum monthly income for households with more than eight people, we added \$590 for each additional member.

As stated on the matrix, households with more than four people will receive benefits in the same amount as shown for a household of four.

If a household has a high energy need (including, but not limited to, those with children under 18, elderly members, or members with a disabling condition), subgrantees may award an additional \$50.

***The same Payment Assistance Chart is used to determine income eligibility to receive a supplemental benefit from the Infrastructure Investment and Jobs Act fund. Each**

2.6 Describe estimated benefit levels for the fiscal year for which this plan applies

4.9 If you have a separate component, how do you determine crisis assistance benefits?	
<input checked="" type="checkbox"/>	Amount to resolve the crisis.
<input type="checkbox"/>	<p>Other - Describe:</p> <p>Income eligibility is determined based on the household's gross income for the month prior to the month of application. Our benefits matrix is included in this State Plan as Attachment A – PY2023 LIHEAP Payment Assistance Chart. For example, if a household applies for assistance any time in August, they must provide verification of the gross monthly income each household member received in July.</p> <p>To calculate the income levels on the FY2023 Payment Assistance Chart, we used the HHS Poverty guidelines mandatory for FFY2022 from the following website: https://aspe.hhs.gov/poverty-guidelines</p> <p>For a 1-person household, the maximum annual income based on 100% of HHS Poverty Guidelines is \$13,590. To calculate the maximum income for a 1- person household at 150% poverty, we multiplied \$13,590 by 1.5 = \$20,385. To determine the maximum <u>monthly</u> amount as shown on our benefits matrix, we divided \$20,385 by 12 = \$1,699.</p> <p>Our benefits matrix contains three income categories for each household size. The following is an example of how we calculated the income categories: For a 1-person household, we divided \$1,699 by 3 = \$566. The lowest income category (which receives the highest benefit) has a range of \$0 - \$566. The formula to calculate the next highest income category for a 1-person household (which receives a slightly lower benefit) is $\\$567 + \\$566 =$</p> <p>\$1,133. Therefore, the range for that income category is \$567 - \$1,133.</p> <p>The highest income category for a 1-person household starts at \$1,134. We added \$566 to that amount for a maximum monthly income of \$1,700. Therefore, the range is \$1,134 - \$1,699.</p> <p>ADECA followed the same methodology described above to complete the calculations for households with two to eight people on the 2023 Payment Assistance Chart. We used the same method to complete the benefit matrix for households with two to eight people. To determine the maximum monthly income for households with more than eight people, we added \$590 for each additional member.</p> <p><u>Determining Crisis Assistance Benefits</u></p> <p>The amount of the crisis assistance benefit must be the minimum amount necessary to alleviate the crisis and provide utility service or deliverable fuel to the household for the next 30 days. The crisis assistance benefit must not exceed 200% of the benefit the household is eligible for based on the benefits matrix. Subgrantees contact the household's energy vendor at the time of appointment to determine the minimum amount required.</p> <p>If a household has a high energy need (including, but not limited to, those with children five (5) and under, elderly members, or members with a disabling condition), local administering agencies may award an additional \$50. As noted on the benefits matrix, the additional \$50 cannot be split. In other words, the entire \$50 must be awarded, it cannot be a partial amount. Also, if awarding the additional \$50 results in the crisis benefit exceeding the minimum amount necessary to alleviate the crisis, then the \$50 must not be awarded.</p>

Example: A 1-person electric household with a gross monthly income of \$700 is eligible for a \$410 Heating benefit. The household qualifies for crisis assistance; therefore, they are eligible for up to \$820 in crisis benefits. The electric vendor was contacted and required \$900 to avoid disconnection of services. The applicant is elderly and disabled; therefore, the subgrantee awarded \$820 in crisis benefits plus the additional \$50 for a total benefit amount of \$870. The applicant was responsible for the remaining \$30 balance owed.

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

The State will follow usual fiscal controls and fund accounting procedures for the expenditure of LIHEAP funds. Subrecipients are required to submit an invoice at least once per month to request funds. The Alabama Examiners of Public Accounts will annually conduct an audit of LIHEAP funds received by the State agency. Local subgrantees are required to arrange for an annual audit of funds received and expended under this title.

Additionally, the State is in the process of revising the monthly expenditure report (invoice) to require a detailed breakdown of administrative expenditures. Further, an in-depth review of administrative expenditure documentation will be completed during the on-site monitoring review.

10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.

Subrecipients will be monitored once every two years. ADECA will alternate visits by monitoring nine (9) subrecipients one year and the remaining nine (9) subrecipients the following year. During years without an on-site visit, ADECA will perform a monthly desk review to include checking ten randomly selected client files for completeness and accuracy.

The following summarizes the actions taken during each visit:

Case Review Procedures

A random sampling of current fiscal year client files from each county in the agency's service area are assessed to verify required documentation. For site visits made during the Heating season (October through May), the Program Monitor reviews Heating and Crisis Heating files. During site visits made in the Cooling season (June through September), the monitor reviews Heating and Crisis Heating as well as Cooling and Crisis Cooling files. The State has not established a minimum standard for the number of client files to be reviewed at each agency; however, the program monitor is trained to examine files from every month in both the Heating and Cooling seasons and from a variety of energy vendors.

1. Conduct an entrance conference with the Executive Director and/or LIHEAP Coordinator to discuss the monitoring procedures.
2. Review client files of regular, crisis, and supplemental assistance (if applicable) awarded during the current fiscal year for completeness and accuracy
3. Observe how and where paper case files are maintained to ensure confidentiality
4. Review batching and vendor payments of 10-15 client files that were reviewed during visit.
5. Review general agency procedures using the LIHEAP Monitoring Review Checklist. (see attached).
6. Conduct an exit conference with the Executive Director and/or LIHEAP Coordinator to discuss any findings.

Client files are reviewed for the following documentation:

- Application - a complete application with the client's signature/electronic signature and the intake worker's signature. Accuracy of the information and award amount is confirmed during review. The monitor also reviews case notes.

- Client identification -copy of picture ID and Social Security Card

- Household member(s) identification -copies of the Social Security Card of all household members

Household income - copies of payroll, check stubs, or checks; records of the self-employed; written statements from employers; documents from social agencies such as the Department of Human Resources; or statements of someone in a position to know the circumstances of the household. Declaration of Household Income form for household members age 18 and over that had no income and verification cannot be obtained from a governmental entity such as the Department of Human Resources, Department of Labor, Public Housing manager, etc.; received income from occasional work such as lawn care, house cleaning, babysitting, car repair, etc. when a receipt book is not maintained; received money from family/friends; or received income not reported elsewhere.

- Residence - review of home energy bill, driver's license, work visa or other forms of documentation to verify that they are legal residents and have been assisted at the appropriate agency.

- Utility bill - copy of the most recent utility bill to ensure the bill is in the client or spouse's name and that the address corresponds to the client's address.

An excel spreadsheet called the "LIHEAP Monitoring Form" is completed during the case review. The monitor will enter the following information for each case file:

- Date of application
- Type of benefit
- Applicant name
- Applicant's Social Security number

- Applicant's unique identification number from our state-wide intake database (FACSPPro)
- Total household income
- Household condition to identify if there is at least one member that is elderly, disabled, or a child under 18
- Household size
- County of residence
- LIHEAP benefit amount
- Home Energy Supplier
- Comments - the energy vendor is noted as is the amount of utility allowance received (if applicable) and if the optional extra \$50 was awarded to high energy households

As part of review process, a selection of three to five energy vendors is contacted via phone or email to verify if they have been receiving LIHEAP payments from the local administering agency within 30 days of the date of the award.

Within 30 days of the monitoring review, the State Office sends a letter to the agency to summarize any findings and, if applicable, request corrective action.

10.7. Describe how you select local agencies for monitoring reviews.

Site Visits:

ADECA plans to conduct on-site monitoring visits to nine (9) of the eighteen (18) subrecipients at least once every two years. The selection process will be based primarily on the subrecipient's risk assessment.

Desk Reviews:

During years without an on-site visit, the ADECA will perform a monthly desk review to include checking ten randomly selected client files for completeness and accuracy and checking the timeliness of vendor payments at least once during the fiscal year.

10.8. How often is each local agency monitored ?

ADECA will conduct a desk or on-site monitoring visit to all subrecipients at least once during the fiscal year.

10.9. What is the combined error rate for eligibility determinations? OPTIONAL

10.10. What is the combined error rate for benefit determinations? OPTIONAL

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

(b) Establishing an ongoing drug-free awareness program to inform employees about --

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will --

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification

number(s) of each affected grant;
 (f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted -(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

- (1) The Department, through its administering LIHEAP agencies, shall notify the Company of each eligible household and the amount of assistance to be paid on behalf of the household.
- (2) The Company shall charge the eligible household, in accordance with the Company's normal billing process, the difference between the actual cost of home energy and the amount of the payment made by the Department through LIHEAP.
- (3) The Company shall not treat adversely any eligible household in regard to terms and conditions of sale, credit, delivery, or price either in the costs of goods supplied or the services provided because of such assistance on behalf of an eligible household.
- (4) The Company agrees that any payment amount made by the Department or its administering LIHEAP agencies, **and accepted by the Company**, shall result in a prompt and timely fuel delivery, or the continuation or restoration of the home energy supply for a period of not less than thirty (30) days from the date the Company receives official notification from the local administering LIHEAP agency of the payment. Notification shall include, but may not be limited to, the receipt by the Company of the Company's copy of the LIHEAP-101 application form and shall constitute a commitment on the part of the local administering LIHEAP agency for the payment of the home energy delivered or otherwise provided. The Company shall not be required to make more than one delivery to an eligible household within a thirty (30) day period.
- (5) The Company agrees that the entire LIHEAP payment will be credited to the eligible household's account immediately upon receipt of the payment, regardless of whether the LIHEAP payment results in a credit balance on the account. The balance shall remain on the eligible household's account until it is depleted or until the account is otherwise closed.
- (6) The Company agrees to refund to the local administering LIHEAP agency any remaining LIHEAP funds balance when the household's account is closed. Unless the Company has been otherwise notified by the Department, such refunds are to be made payable to the local administering LIHEAP agency and mailed within forty-five (45) days of the account's closing date. - (8) The Company agrees to not discriminate based on race, color, religion, sex, age, national origin, or disability in its implementation of this Agreement.
- (9) The Company agrees that the terms and commitments contained herein shall not be constituted as a debt of the State of Alabama in violation of Article 11, Section 213 of the Constitution of Alabama, 1901, as amended, by Amendment No. 26. The Company further agrees that if any provision of this Agreement shall contravene any statute or Constitutional provision or amendment, either now in effect or which may, during the course of this Agreement, be enacted, then that conflicting provision in the Agreement shall be deemed null and void.

The Company recognizes and acknowledges that the Department is an instrumentality of the State of Alabama, and as such, is immune from suit pursuant to Article 1, Section 14, Constitution of Alabama 1901. It is further acknowledged and agreed that none of the provisions and conditions of this Contract shall be deemed to be or construed to be a waiver by the Department of such Constitutional Immunity.

In the event of any dispute between the parties, senior officials of both parties shall meet and engage in a good faith attempt to resolve the dispute. Should that effort fail, and the dispute involves the payment of money, a party's sole remedy is the filing of a claim with the Board of Adjustment of the State of Alabama.

For any and all disputes arising under the terms of this Agreement which are not resolved by negotiation, the parties agree to utilize appropriate forms of non-binding alternative dispute resolution including, but not limited to, mediation. Such dispute resolution shall occur in Montgomery, Alabama, utilizing where appropriate, mediators selected from the roster of mediators maintained by the Center for Dispute Resolution of the Alabama State Bar.

Alabama Department of Economic and Community Affairs
FY2023 Low-Income Home Energy Assistance Program (LIHEAP)
Virtual Public Hearing Summary
July 20, 2022, at 10:00AM

- Ms. Wendy Littles with the Alabama Department of Economic and Community Affairs (ADECA) welcomed everyone. She stated the two purposes of the public hearing: to gather comments on the administration of the current LIHEAP year and the other is to discuss the draft FY2023 State Plan.
- Ms. Littles reviewed the FY2023 LIHEAP Public Hearing handout (attached). The State's current program has 7 components: Heating, Crisis Heating, Cooling, Crisis Cooling, Assurance 16 (Energy Counseling), ARP Supplemental Funding, and Weatherization.
- Ms. Littles stated the draft State Plan for FY2023 is available for review on the ADECA-LIHEAP webpage. The State Plan details how the State intends to administer the program for FY2023.

Highlights of the FY2023 State Plan include:

- A. Eligibility is still based on total household income at or below 150% Federal poverty guidelines.
- B. The program will be administered with the following components: Heating, Crisis Heating, Cooling, Crisis Cooling, Assurance 16 (Energy Counseling), and Weatherization.
- C. Based on the updated Federal poverty guidelines, the State Plan incorporates changes to the income ranges of the Payment Assistance Chart. The State proposed no changes to the award amounts.
- D. The State was allocated \$2.68 million in supplemental LIHEAP funds from the Infrastructure Investment and Jobs Act (IIJA) for 5 years. We propose using the same format used for the American Rescue Plan (ARP) supplemental funds. Depending on availability of funds, eligible households can receive up to two (2) IIJA awards in the amount of \$100 each: one award to supplement their regular Heating award and one award to supplement their regular Cooling award. The utility allowance will not be deducted.
- E. Ms. Jennifer Lee discussed the State's proposal to increase the amount allocated to the State Weatherization Assistance Program from 5% to 10% for FY2023.

- Ms. Lee provided a Performance Measures update with a brief summary of the State's FY2020 and FY2021 reports. The FY2022 report will be submitted in January 2023.
- Ms. Littles informed that comments on the draft FY2023 State Plan can be emailed to her until Friday, August 19, 2022.
- Ms. Lee asked if participants had any questions. There were none. Participants were reminded of the end date of the comment period and were encouraged to call or email questions to Ms. Littles, LIHEAP Program Manager.
- With no questions, the hearing concluded at 10:17AM.
