

# **REQUEST FOR APPLICATIONS**

## **Edward Byrne Memorial SCIP Fund**

## **Alabama Department of Economic and Community Affairs**

### **Law Enforcement and Traffic Safety Division State Crisis Intervention Program**

**Issue Date: 8/22/2024**  
**Application Due Date: 10/11/2024**

## **U.S. Department of Justice-Bureau of Justice Assistance**

**The Alabama Department of Economic and Community Affairs (ADECA), Law Enforcement and Traffic Safety (LETS) Division is seeking applications for the Edward Byrne Memorial State Crisis Intervention Program (SCIP) Grant.** The Alabama Department of Economic and Community Affairs (ADECA) is making federal State Crisis Intervention Program (SCIP) funds available for subgrants.

### **Maximum Award Amounts and Categories:**

#### **Category 1: \$1,000,000 for up to 24 months**

-this category of applicants must include a collaborative approach to gun violence reduction and serving those individuals who are in crisis. Applicants must show proof of collaboration with multiple service providers who are involved with gun violence reduction, serving those in crisis, and/or collecting data on gun violence as it pertains to the service area of the applicant.

#### **Category 2: \$200,000 for up to 24 months**

-these applicants must be included on the list of “less than \$10,000” jurisdictions” provided by BJA that is attached to this RFA, and must provide one or more services to individuals in crisis as it relates to preventing gun violence.

### **Award Period:**

It is anticipated the project period will start approximately January 1, 2025 and will run for one to two years depending on proposed implementation.

The official start date will be contingent upon a fully executed award. Continued funding will be contingent upon the availability of funds, continuous compliance with grant management requirements, project success, and future applications.

### **Submission Information:**

For FY 2024, applicants will complete and submit their SCIP applications in Alabama Grants at <https://grants.alabama.gov/>.

Applicants must submit the full application by **11:59 p.m., 10/11/2024** in Alabama Grants.

### **System Registration (if not already registered, please contact if you are unsure):**

- Navigate to <https://grants.alabama.gov/>
- Have an Authorized Official (AO) for your organization register as a new user.
- Complete and submit a registration request.
- Wait for an email confirmation granting access to the system.
- After receiving the confirmation, your AO can login to the system and designate access to your organizational account to other staff members as

appropriate. (See the Grantee Admin Manual or Grantee Admin Training Video under the Alabama Grants' Training Materials section.)

Based on the organization type selected under the organization profile, a user will see any available funding opportunities under the "My Opportunities" panel of the user's dashboard.

For previous applicants: All sections of the application, except for Miscellaneous Attachments, can be copied forward using the copy forward feature. The option to select this feature is available only when you attempt to initiate an application. The copy forward feature will save time by allowing you to prefill most of the application information with the details from your agency's previous submissions. Please see page nine for detailed instructions on how to use the copy forward feature. You should, however, still ensure that the information provided is up-to-date and accurate for the proposed project period.

Any application or documentation in support of an application not submitted in Alabama Grants will not be accepted for review. The LETS Division reserves the right to reject any incomplete applications without review.

**Contact Information:**

For assistance with technical issues, such as forgetting username and/or password, adding dashboard panels, or navigating the website in Alabama Grants, contact the Agate Software Helpdesk at [helpdesk@agatesoftware.com](mailto:helpdesk@agatesoftware.com) or at 1 (800) 820-1890. The Agate Software Helpdesk operates 7:00 a.m. to 7:00 p.m. CST Monday – Friday.

For assistance with the requirements of this request for application, please submit your questions to:

Brian Forster, Justice Programs Supervisor, at [Brian.Forster@adeca.alabama.gov](mailto:Brian.Forster@adeca.alabama.gov) or (334) 353-4265.

If an applicant experiences technical issues with Alabama Grants and is unable to submit its application by the deadline, the applicant must document the issue and email the contacts identified above before the application deadline.

## **PART I – FUNDING OPPORTUNITY DESCRIPTION**

### **A. BACKGROUND ON THE EDWARD BYRNE STATE CRISIS INTERVENTION GRANT PROGRAM:**

On June 25, 2022, President Biden signed the Bipartisan Safer Communities Act of 2022 into law to reduce gun violence and save lives, and to make progress toward keeping guns out of dangerous hands. In signing the bill into law, the President noted that this historic act “invests in antiviolence programs that work — that work directly with the people who are most likely to commit these crimes or become victims of gun crimes.”

The Byrne SCIP Program provides funding for the creation and/or implementation of state crisis intervention court proceedings, and related gun violence reduction programs/initiatives.

The SCIP Program is authorized by Bipartisan Safer Communities Supplemental Appropriations Act, 2022 (Pub. L. No. 117-159, 136 Stat. 1313, 1339); 28 U.S.C. 530C.

### **B. ELIGIBLE ORGANIZATIONS:**

State and local law enforcement agencies (through their unit of local government), tribes, state and local government agencies, colleges and universities, and non-profit organizations may apply.

### **C. PRIORITY PURPOSE AREAS OF FUNDING:**

#### **Related Court-based Programming**

- Develop processes to identify, triage and connect court-involved people in crisis to services.
- Expand the capacity of existing drug, mental health, and veterans treatment courts, including to assist clients who are most likely to commit or become victims of gun crimes.
- Implementing or expanding domestic violence courts focused on those at risk for gun related violence.
- Embed social workers in prosecutor, public defender and/or courts agencies to provide screening, assessment, and referral to services for people in crisis, such as court-based

navigators.

- Prosecutor, pretrial, or court diversion programs.
- Development and implementation of validated gun violence risk assessment tools, enhancement of existing tools and service case management and navigation programs to assess the risks and needs of clients and connect them to critical services to mitigate their risk of gun violence and enhance their access to effective interventions.
- Community courts that connect people in crisis with community resources.
- Programming and training on domestic violence cases and related protection orders, including relinquishment of firearms.
- Threat assessment training for prosecutors, judges, law enforcement, and public defenders.

#### **Referrals to Community-based Services for People in Crisis**

- Pre-arrest law enforcement and first responder deflection.
- Assertive community treatment.
- Behavioral threat assessment programs and related training.
- Triage services, mobile crisis units (both co-responder and civilian only), and peer support specialists.
- Suicide and crisis prevention and referral to services.
- Technological supports such as smartphone applications to help families and patients navigate mental health and related systems and telehealth initiatives, including technology solutions for telehealth visits outside the hospital.
- Behavioral health responses and civil legal responses to people in crisis, such as regional crisis call centers, crisis mobile team response, and crisis receiving and stabilization facilities for individuals in crisis.
- De-escalation training for law enforcement, first responders and other justice practitioners.
- Embedding social workers with law enforcement and co-responder programs.
- Specialized training for individuals who work with or are in families of adults and youth

who are in crisis.

- Related law enforcement-based programs, training, and technology, focused on crisis intervention for those at risk to themselves or others.

#### **Funding for Law Enforcement Crisis Intervention Programs or Initiatives**

- Development and or delivery of specialized training, including crisis response and intervention training (CRIT), and overtime for officers to attend such training.
- Training for school resource officers on identifying youth at risk for firearm violence.
- Supplies, equipment, technology, and training to safely secure, store, track, and return relinquished guns, such as gun locks and storage for individuals and businesses and software or other technologies to track relinquished guns.
- Gun safety training for community members.
- Technology, analysis, or information-sharing solutions for ensuring law enforcement, probation, prosecutors, the courts, and public defenders are informed when a prohibited person attempts to purchase a firearm.
- Data collection, analysis, and strategic planning to address community gun violence.
- Personnel, supplies, and other related costs for crisis intervention officers or co-responders.

#### **D. COSTS GENERALLY UNALLOWABLE:**

Unallowable Costs: In addition to the unallowable costs identified in the DOJ Grants Financial Guide, award funds may not be used for the following:

Prizes, rewards, entertainment, trinkets (or any type of monetary incentive)

Client stipends

Gift cards

Food and beverage

Unmanned Aircraft Systems The use of BJA grant funds for unmanned aircraft systems (UAS), including unmanned aircraft vehicles (UAV), and all accompanying accessories to support UAS or UAV, is unallowable.

**E. RISK ASSESSMENTS:**

Federal regulations require grantees to conduct a risk assessment of each application before an award can be made. A risk assessment must be based on each applicant regarding current or previous funding, unresolved audit issues, delinquent programmatic and fiscal reporting, and prior performance. Applicants with any findings may carry special conditions such as increased monitoring and/or prohibitions on drawing funds until certain requirements are met. Applicants with substantial/persistent performance, or compliance issues, i.e., long-standing open audits or open criminal investigations, will possibly not receive an award until all issues are resolved. However, all assessments are unique and will be handled on a case-by-case basis.

**F. REVIEW PROCESS:**

Applications are carefully reviewed for completeness and to ensure that only projects with a significant chance of success and well documented community support will be considered for recommendation. All submissions will be checked by ADECA staff to make sure they are complete. Complete applications will then continue to the risk assessment stage. After the risk assessment stage, applications will be fully rated by staff and presented to the Alabama State Crisis Intervention Advisory Board. Once an application is reviewed, a recommendation for funding may be made.

**G. APPLICATION SECTIONS:**

**General Instructions for New Applicants:**

To complete an application for Byrne SCIP funding you must register with Alabama Grants. Instructions are listed on page 2. Each organization should only register once.

After successfully registering in the system, an Authorized Official can add new members through the Organizational Members section. Each agency member can be assigned one of three roles:

Subrecipient Viewer, Subrecipient Staff, and Subrecipient Admin. The role of a Subrecipient Viewer only allows individuals in those roles to view information within the system. The role of Subrecipient Staff allows individuals to enter or alter information but does not have the ability to submit or accept documents. The role of Subrecipient Admin will receive full access within the system. If an authorized official requires the consent of the governing body to apply for federal grant funds, a document demonstrating such approval should be included as an attachment to the application.

In the narrative section, please provide an overall explanation of the services that your agency provides.

*Note: Each agency employee must have an Alabama Grants profile, if their position will be requested in a grant application. When completing the application's Personnel Section, you will select employee names from a dropdown box that is prefilled with the names of individuals who have a profile in the system. The selection "TBD" has been programmed in the dropdown box for vacant or unfilled positions that are being proposed.*

After logging in, you will arrive at your personal dashboard. Here you will see the 'My Tasks', 'My Opportunities', and 'Announcements' panels. The 'My Opportunities' panel is where you find links to complete applications for different funding opportunities. Funding opportunities will only be seen once the period opens for application and will disappear once the application period closes. After you select the funding opportunity, you will select whether you agree or decline to begin the selected application. After you agree to begin the application, you will be directed to application landing page where you can begin completing the application. On your dashboard, your application will be found in the 'My Tasks' panel, where it can be accessed until you submit or cancel the application.

### **General Instructions for Previous Applicants**

Navigate to <https://grants.alabama.gov>

After logging in, you will arrive at your personal dashboard. Here you will see the 'My Tasks', 'My Opportunities', and 'Announcements' panels. The 'My Opportunities' panel is where you find links to complete applications for different funding opportunities. Funding opportunities will only be seen once the period opens for application and will disappear once the application period closes. After you select the funding opportunity, you will select whether you agree or decline to begin the selected application. This is also where you can elect to copy your previous application forward.

After you agree to begin the application, you will be directed to application landing page where you can begin completing the application. On your dashboard, your application will be found in the 'My Tasks' panel, where it can be accessed until you submit or cancel the application.

As you complete your application it is imperative that the application be clear, complete, and concise. If the project is not adequately described in the application, it will be impossible to conduct a thorough review of the application. Each narrative should be presented in a manner that is easily

understood.

- **Match Requirement.** There is no match requirement for Byrne SCIP funding, however, proposed projects must stand alone and demonstrate robust plans for sustainability beyond potential grants funding. If requested grant funds do not comprise the entire project budget, other necessary funds to fully complete project must be described, included in budget. Documentation of other funding commitments must be included as an attachment or application may be rejected without consideration. Examples would be agency or board resolutions, or funding commitment letters signed by an official authorized to commit funds. Where the consent of a governing body is required for commitment of funds, clear documentation must be included.
- **Indirect Cost.** In accordance with 2 CFR 200.332(a)(4) and 2 CFR 200.414, subrecipients of federal awards may charge indirect costs to the award unless statutorily prohibited by the federal program and in accordance with any applicable administrative caps on federal funding. ADECA will accept a federally negotiated indirect cost rate. If no approved rate exists, ADECA will collaborate with the subrecipient to determine an appropriate rate. This rate will be either a negotiated rate, which can be based on a prior negotiated rate between a different pass-through entity and the same subrecipient, or the 10% de minimis rate of the modified total direct cost (MTDC) as defined in 2 CFR 200.1. If basing the rate on a previously negotiated rate, ADECA is not required to collect information justifying this rate but may elect to do so. Subrecipients are allowed to allocate and charge direct costs through cost allocation. However, in accordance with 2 CFR 200.403, costs must be consistently charged as either indirect or direct costs but not charged as both or inconsistently charged to the federal award. Once chosen, the method must be used consistently for all federal awards until such time as a negotiated rate is approved by the subrecipients' federal cognizant agency.
- **Record Keeping.** Subrecipients must maintain records that clearly show the source, amount, and the allocation date. Backup documentation must be submitted with claims.

## PART II – AWARD INFORMATION

### A. ESTIMATED FUNDING:

Applicants may submit only one application under this solicitation.

This is a competitive solicitation in which each applicant will be competing against other applicants. Grants may be funded in full or in part, based on the number of qualifying applications, available funding, and geographical representation. Each submitted grant application will be rated on its quality and adherence to the

guidelines of the program.

The following factors may also be considered in the evaluation of applications:

- Ability to complete project in a timely manner.
- Project has a plan for self-sufficiency and sustainability beyond possible grant funding.
- Design Quality of the Applications – The application is clearly written, supported by facts, and contains **measurable** objectives and performance indicators.
- Performance Indicators – The indicators match objectives and are useful measurements to assess the effectiveness of the project. The project has additional measures for evaluating project impact.
- Other Relevant Factors and Requirements – Past or current grant performance maybe considered where applicable. The application must contain all relevant documentation.

#### **B. PERIOD OF PERFORMANCE:**

It is anticipated the project period will start approximately TBD, and will run for one to two years depending on proposed implementation.

#### **C. AWARD TERMS AND CONDITIONS**

All terms and conditions of an award shall be set forth in an agreement between selected applicants and ADECA.

#### **D. FINANCIAL ACCOUNTING PRACTICES:**

The following is a list of questions that applicants will need to consider when applying for Federal funding. *Note: All answers should be an affirmative response and applicants must have documentation supporting each response. ADECA may request a copy of supporting documentation as to any and/or all responses during the application/award process or as part of the grant monitoring process.*

1. Will all funds awarded under this program be maintained in a manner that they will be accounted for, separately and distinctly, from other sources of revenue/funding?
2. Does the applicant have written accounting policies and procedures? How often are these policies and procedures updated? Please provide a brief list of the topics covered in the organization's policies and procedures. ADECA may request a copy for review during the

application/award process or as part of the grant monitoring process.

3. Is the applicants' financial management system able to track actual expenditures and outlays with budgeted amounts for each grant or subgrant?
4. Does the applicant have procedures in place for minimizing the time elapsing between transfer of funds from the United States Treasury and disbursement for project activities?
5. Does the applicant have effective internal controls in place to adequately safeguard grant assets and to ensure that they are used solely for authorized purposes?
6. Does the applicant have a documented records retention policy?
7. Is the individual primarily responsible for fiscal and administrative oversight of grant awards familiar with the applicable grants management rules, principles, and regulations including the new Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR Part 200) issued on December 26, 2013?
8. Are the officials and governing body of the organization bonded?

**E. GRANT REPORTING REQUIREMENTS:**

Subrecipients are required to maintain appropriate programmatic and financial records that fully disclose the amount and disposition of funds received (i.e., daily time and attendance records; the total cost of the project; receipts for expenditures); the portion of the project supplied by other sources; and other records. Progress reports are to be submitted in a calendar quarter basis, regardless of the start date of the subgrant project. These reports must provide an update on the project's objectives. Failure to submit these reports in a timely manner will delay any reimbursements submitted within the grant period. See table below for the progress reports due dates:

Report Period	Due on or before the following dates
October 1 <sup>st</sup> through December 31 <sup>st</sup>	January 15 <sup>th</sup>
January 1 <sup>st</sup> through March 31 <sup>st</sup>	April 15 <sup>th</sup>
April 1 <sup>st</sup> through June 30 <sup>th</sup>	July 15 <sup>th</sup>
July 1 <sup>st</sup> through September 30 <sup>th</sup>	October 15 <sup>th</sup>

**Note: Any subrecipient receiving Byrne SCIP funding will be required to enter the quarterly reporting data into the Bureau of Justice Assistance (BJA) Performance Measurement Tool (PMT).**

Examples of Programs to be considered for funding (not exclusive):

Addressing behavioral health at the school level

- Training School Resource Officers (SROs) to better understand drug and gang violence, youth mental health issues, social media dangers, and youth in crisis.
- Implementation of immediate firearm detection programming (Zero Eyes) in schools.

Community-based programming

- Efforts to increase youth supervision and time spent in prosocial activities.
  - Expanding afterschool programming to include older youth (12–15-year-olds, for example) and offering robust STEM and workforce development programming.
  - Expanding current after school programming to include stronger mental health and wellness/social learning programs for at-risk youth.
  - Contracting with community-based organizations to focus on youth mentoring, mitigating disruptions to education, and violence response coordination.

Firearm safety in the community

- Statewide campaigns promoting safe firearm storage practices.
- Offering free safe storage devices for firearms.
- Evaluation of safe storage campaign effectiveness.

Policing

- Virtual reality training simulator for police officers to train in a controlled environment for an array of difficult scenarios including de-escalation, mentally unstable subjects, cooperative/uncooperative subjects, shoot/don't shoot situations.
- Use of an analytics platform to detect criminal activity; specifically, the platform uses AI-enabled software to monitor public source social media and open-source online forums in real time for material that has been flagged as potential indicators of violence, unrest,

and vandalism.

- Expanding an existing camera program where cameras are strategically placed throughout the city for more agile and quick response to gang/group disputes.
- CIT training- implementing and/or expanding current programs and associated training
  - Providing crisis intervention training to better support officers, first responders, and dispatch personnel as they respond to crises that arise on the job
  - Establishing officers as part of the crisis intervention team that focuses on interpersonal gun violence.

This 'Request for Application' does not indicate acceptance or approval of any application in response to this request. No grant or contract payment can be made until an agreement has been fully executed. Therefore, no work shall begin on projects selected for funding until an executed grant agreement or professional services contract has been received. All awards are contingent upon state receipt of Federal funds awarded.
