

**FINAL INSPECTION CERTIFICATION**

I CERTIFY that I have inspected the \_\_\_\_\_  
(Subrecipient's Name & Project Number)

and it has been completed in accordance with the Drawings and Specifications or other descriptive material.

Appropriate State approval has been given \_\_\_\_\_, and the Builder's Warranty date is established  
(Date of Approval)  
as \_\_\_\_\_.

\_\_\_\_\_  
(Contractor's Signature)

\_\_\_\_\_  
(Date)

\_\_\_\_\_  
(Project Engineer's/Architect's Signature)

\_\_\_\_\_  
(Date)

---

The undersigned gives approval of acceptance of the work constructed under the conditions of the contract and Builder's Warranty.

\_\_\_\_\_  
(Mayor's/Chairman's Signature)

\_\_\_\_\_  
(Date)

NOTE: This form is to be executed prior to running the Notice of Completion advertisement or holding the Close Out Public Hearing.

This form must be submitted with the final draw for engineering/architectural and/or the drawdown for final payment for construction.

In addition to the Final Inspection Certification, the final 2516 form and the final 6002 (Section 3) form must be submitted. For projects not requiring the Final Inspection Certification, the 2516 and 60002 will still be required.

**ADECA will not process drawdown requests for final payment for the primary activity without the 2516 and 60002 forms.**
