Alabama Spaceport Authority,

On behalf of my Senate District (SD8), I would like to ask that the Alabama Spaceport Authority to help in any way possible for Alabama to promote our area for Civil Space Traffic Management opportunities. Senate District 8 is uniquely positioned to provide these services to both the Civil and Commercial Space industries.

It is with great respect that I ask the ASA to actively help seek out and support these opportunities for our State. My office and I stand willing and ready to help in any manner necessary.

With great respect,

Steve Livingston
Senator, District 8
