

The Certification form below for the procurement of professional services must be executed by consultants, engineers, architects, and other professionals responding to Requests for Proposals (RFP) and/or Qualifications (RFQ). Professionals selected competitively prior to the development of the project or grant application, either through an RFP or RFQ process, will be exempt from executing this Certification. However, applications received on or after December 26, 2018, must contain evidence showing that the consultant, engineer, architect, or other professional engaged in the development of the project and/or application. Lacking such evidence, all other professionals who were not competitively selected prior to the development of the project or application must execute the Certification which must accompany the grant application/proposal. Please contact Shabbir Olia at (334) 242-5468 or ADECA's General Counsel at (334) 242-5255.
